

ECOSPEED®

SHIP HULL PERFORMANCE TECHNOLOGY

Non-toxic and lasting hull protection with easy fouling control

Ecospeed is designed with the environment in mind and is 100% non-toxic. Our ship hull performance system protects your hull from water intrusion and blisters. It is a tough, long-lasting, glass reinforced coating that comes with a 10 year warranty. Contact us for additional information.

Call us to learn how we can save you time in the yard and reduce your GPH fuel burn. You will never have to coat again.
